Education is the key to breaking the cycle of poverty and Donela school students are making great strides. Students can realize their God-given potential and escape generations of poverty. Donela School offers a quality education to students who would not have this opportunity in Ugandan public schools.

Your donation to help complete the school through the 7th grade and 450 additional students can be enrolled for a total of 900 students.

To complete Donela School in Bombo will cost approximately \$50,000.

Donela School July 2011

Now to Him who is able to do immeasurably more than all we ask or imagine, according to His power that is at work within us. To Him be glory in the church and in Christ Jesus throughout all generations, for ever and ever! Amen.
Ephesians 3: 20-21

DONELA School is becoming so well known in the community and surrounding villages. Words were spoken of affirmation and the reasons behind the increasing success:

- God is the center and core of the school and of each classroom
- DONELA teachers motivate through positive reinforcement and creativity
- most schools in Uganda use corporal punishment and punitive words
- Class size is around 45 compared to 100 or more
- Children are given 2 nutritious meals a day
- The school is open and accepting of everyone regardless of religion
- The fees are low compared other schools
- National test scores at an average were B+ to A, government schools 90% of the children fail

Life With Hope - Family Sponsorship

Assist a destitute family to become self-supporting. Help with basic nutrition, medications and school fees, and reach communities with a message of faith and hope. In Uganda people consistently go to bed hungry and without proper medicines to remedy illnesses we have eradicated years ago. By meeting crisis needs the love of Jesus Christ meets them where they are and helps to establish self worth, caring and hope in this world and the next.

Clean Water Wells

“Living Water”

Clean Water Well in Bombo

Across Africa, pure safe drinking water is just not available. Water from shallow wells and even the “city” water is contaminated. Clean water deep wells are drilled to a depth that provide clean, safe drinking water. Every hour, another 250 people in developing countries die from diseases caused by unclean water and poor sanitation. Help change this. We have drilled one well in Bombo. We need to provide clean water at each church site in Wobulenzi, Luwero, and Kakooge. **Water is life** and this will make each church a “Beacon of Hope” for the community by bring clean water to the people.

Suggested gift: \$10,000

Share the Cost: \$100

Gift Number: W-1

We take having clean water for granted. Turn on your facet and drink in any room in your home and you can drink the water. These are pictures of where the people in Uganda get their water and it is NOT fit for human consumption. Typhoid and Cholera are common because of BAD water.

HELP CHANGE THAT!

Over a million people, die of malaria each year. In Bombo, Uganda, Align Ministries has already provided over 2,000 treated mosquito nets, which kill the disease carrying mosquitoes. Suggested gift: \$60 for 10 treated mosquito nets

\$25 for a sprayer and (approved) pesticide

Gift Number: M-1

Suppose a brother or sister is without clothes and daily food. If one of you says to him, “Go, I wish you well; keep warm and well fed,” but does nothing about his physical needs, what good is it? In the same way, faith by itself, if it is not accompanied by action, is dead. James 2:15 - 17

Align Ministries

Align Ministries was born out of a 2005 trip to Bombo Uganda and a desire Don and Elaine Herr felt to align their lives with being followers of Jesus. To be obedient to His call in the Great Commandment (Matthew 22:37-39) and Great Commission (Matthew 28:18-20).

On the 2005 trip to Uganda we were disturbed by the amount of children that were orphaned and in many cases while their parents were still living but too sick and weak from HIV/AIDS to care for their children or themselves.

We asked ourselves, how many orphanages can be built in time for these children? Who will do it in this remote part of Uganda?

After a year of prayer and communications with Pastor Alex and Millie Ojera from Bombo Pentecostal Church, we knew we could do something. If we could make a difference for just one person for here and eternity, then that would be what God wanted us to do.

Align Ministries is committed to working through and partnering with the local church; making the local church the "Beacon of Hope" in the community by resourcing and empowering them to make a difference.

Align Ministries sends support funds to Bombo Pentecostal Church in Uganda lead by Pastor Alex and Millie Ojera. Bombo Pentecostal Church has set up leadership teams to oversee the ministry and provide reports and accountability for the support and resources they receive.

Bombo Pentecostal Church now has six church plants and ministers to those communities. Their leadership teams make all the decisions on who is supported and for how long. They know their people and their needs, we don't. They know how best to distribute the funds and resources to move the people toward sustainability and not create dependency.

When you sponsor a family or child your support is closely monitored for to assure the families are receiving what is needed. You will not receive a letter from the family or child as our desire is to have them look to the local church as providing for their needs and not from a family from America.

We will provide update reports in our newsletters and would encourage you to email the local church pastor see how your donations are being used.

“Sometimes I would like to ask God why He allows poverty, suffering, and injustice when He could do something about it.”

“Well, why don’t you ask Him?”

“Because I’m afraid He would ask me the same question.”

Thank You for your prayer and financial support.
We could not do it without YOU!
