Making a Difference Here and for Eternity, One Life at a Time

Educating the Next Generation

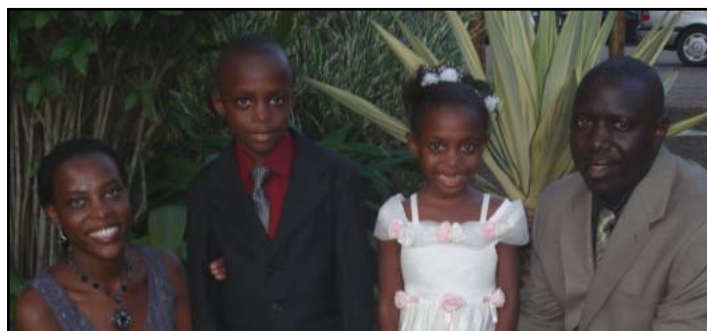

Come hear from Pastor Alex and Millie from Bombo Church in Uganda, East Africa

Pastor Alex and Millie will be coming to share with us how education is changing a community, a church, a ministry. They are experiencing amazing church growth both in numbers and in maturity. Education has been a key in reaching their community for Christ; from 125 in 2005 to over 700 in 2008.

... *apart from Me you can do nothing.*

John 15:5(b)

- Come and hear how the local church can be the most influential source of care and support for the community giving Jesus the Glory.
- Come and learn missions from the receivers' point of view and not the givers point of view.
- Come learn how new missions can transform your congregation both here and abroad
- Come learn how you can partner with Pastor Alex and Millie to continue to make a difference in the lives of those in Uganda and in your own church
- Come learn how you can help to educate the next generation in Uganda

Meet the Ojera's
Millie, Jeremiah, Esther and Pastor Alex

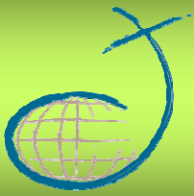

We understand education is the key to the future; it is an investment in the lives of our children. Graduating from high school and then on to college, a trade school or other specialized occupational training is expected from our children.

- How would you feel as a parent if there was not an educational system available for your children?
- What if the lack of an education was going to leave them with a life of poverty and begging to survive?
- Knowing that the longevity of your life was not favorable due to illness and you would not be there for them to help?
- What if you had to choose between feeding your child ONE meal for the day or sending them to school?
- Even if there were a school available, the quality of education is so poor that would never qualify to even attend high school let alone a college or university.
- What if you had no hope?

This is the plight of most developing countries. Their governments will tell you they have a priority on education, but when you travel there and see for yourselves it does not exist; anywhere. This is what we found when we went to Bombo Uganda. It is a point of anguish for the people who live it; it is a reality for Pastor Alex and Millie; but they have a plan to change that. Pastor Alex and Millie have a vision that ALL children should have an opportunity for a quality education and a chance to excel. They have started a pre-school and primary school with great success. *Quote from Millie Ojera, "People bring their children to Bombo school because they expect something superior, something different from us, they may not know it, but that difference is Jesus and a rich education."*

Come and learn how God is moving in amazing ways in a small village in Uganda; through a partnership with Bombo Church, Align Ministries and YOURSELF You can make a difference NOW!

Pastor Alex and Millie will be in the U.S.A. from **May 15th to June 2nd**. Watch our web-site www.alignministries.org for their schedule. If you would like to have Pastor Alex and Millie come speak at your church email us at info@alignministries.org as soon as possible as opportunities are limited.
